HOSPITALITY SAILING CUP

Entering a team is a great way to team build, raise brand awareness, entertain clients and reward employees. All teams have the opportunity to showcase branding on the yacht as well on team clothing.

No former sailing experience is required as entry includes a high-quality Sunsail Match First 40 yacht captained by a professional skipper and mate who will ensure that even first-timers have a splendid time on the water.

GIVING SOMETHING BACK

The Springboard Charity helps young people achieve their potential, nurtures unemployed individuals into work and helps alleviate poverty by supporting people into sustainable employment within the hospitality, leisure and tourism industry.

By making a contribution you will be directly helping young people, safeguarding their future employment and giving back to an industry that provides enjoyment to so many.
